

MIAMI-DADE COUNTY BUILDING DEPARTMENT

NOTICE

FLORIDA BUILDING CODE CHANGE

Please be advised that effective July 1, 2005, a change will occur to the Florida Building Code (FBC). As of the effective date all permit applications and plans submitted must comply with the 2004 FBC edition. To view a draft copy of the code online, visit www.floridabuilding.org.

Additionally, as of the effective date we will not be granting extensions to permit applications accepted prior to the July 1, 2005 code change. In those cases, a new process number must be issued, up-front fees paid and plans must conform to the 2004 FBC edition.

Patrons who utilize the Cookie Cutter or Master Model Programs should begin up-dating the models to comply with the new code in order to avoid permitting delays.
